

# AI TRAINING

## CLASS HIGHLIGHTS:

Businesses can upskill their employees with no-cost AI training to boost efficiency, spark innovation, and elevate productivity in the workplace.

Equip non-technical professionals with practical, job-ready skills to use generative AI effectively in the workplace. Participants will develop essential AI literacy and learn how to seamlessly integrate AI into their daily professional work. They'll receive personalized guidance during the session, along with continued support through dedicated coaching.

## CLASS DETAILS

- Two-day, in-person AI training series.
- One-day, in-person session once a month, 9 A.M.–4 P.M., in February and March 2026.
- Locations include Lake, Orange, Osceola, and Seminole County.
- Select individuals will be invited to participate in the AI 301 advanced training in April 2026.

## WHAT YOU WILL LEARN

- AI-101 introduces core AI tools (ChatGPT, Copilot, Claude, Gemini) and focuses on building confidence, automating routine tasks, and boosting productivity through hands-on practice.
- AI-201 advances skills by teaching participants how to create and govern custom GPTs aligned to organizational processes, turning SOPs and institutional knowledge into usable AI tools.
- AI-301 provides advanced training on designing and managing AI agents, integrating them with apps and data, and deploying multi-agent systems for operational use.
